To Whom It May Concern:

Testimonial for Mr. Dale Politte: McMillin Realty

I was introduced to Dale in early 2007. Dale really listened and was very attentive to all my needs. He kept property showings happening even when other Realtors would have given up because the market was at an all time low. He made the sale happen in under 60 days and I got an extremely fair price considering the market.

Dale assisted me immensely through the whole offer, inspection and repair process by arranging inspections and by meeting with the appraiser, two Termite Inspectors and the home inspector when I was unavailable.

Dale even assisted me several times after the closing when I was moving to my new home.

Dale really lived up to his Motto "Let Dale Make YOUR Sale." I would highly recommend Dale to SELL YOUR HOUSE, especially if you have extra needs due to pets or other unusual circumstances. Of the five homes I have sold Dale is by far the best and most responsive agent I have ever used.

Sincerely,
